## PRESIDENT'S MESSAGE

**DUNCAN  
WRAY**

Welcome to another exciting season of Junior 'A' Hockey in Vernon, our first as the new look Vernon Vipers.

I hope that everyone will enjoy our new image and uniforms. Our management team has worked very hard to bring in the talent to provide our fans with the most exciting Junior Hockey in the Okanagan.

Although we have lost our traditional rival in Kelowna, the B.C.J.H.L. has added the Trail Smoke Eaters, which has a long hockey tradition.

I would like to thank all our advertisers, our Viper Booster Club, billet families and our fans for their continued support. We hope you will enjoy this year's version of the Vernon Vipers.

*J. Duncan Wray*

# PRESIDENT'S MESSAGE

On behalf of the British Columbia Junior Hockey League, I wish to take this opportunity to extend a warm welcome to all for the 1995-96 season. We are celebrating our 35th year of operation.

The BCJHL teams are committed to providing a high calibre of skilled hockey in their communities and to developing both excellent hockey players and solid young men. Our team mandate is to prepare players for futures in University, College or Major Junior hockey. There are many former BCJHL players that have travelled through these different routes to the National Hockey League. They include the likes of Paul Kariya, Cliff Ronning, Greg Adams, Brett Hull, Andy Moog, Joe Murphy, Ray Ferraro, David Oliver and Dallas Drake, to name just a few.

The BCJHL will operate with a three division system again this season and welcome the new member Trail Smoke Eaters. The West Kootenay city has a great hockey heritage winning the Mowat Cup (Provincial) Championship 22 times between 1931-32 and 1962-63.

Nanaimo will be hosting the 26th Annual All Star Game, it promises to be the principal event of the season.

I would like to send special greetings for the 1995-96 season to you, our valued fans, because of you this league flourishes. Also, to the many treasured volunteers and host families, a sincere thank you for the hundreds of hours you spend to help the BCJHL be the great league that it is today. Last but not least, I want to thank our many team and league sponsors who also contribute to our success. A special Thank You to our official league sponsor Subway. As part of our relationship, teams will now compete for the Subway Cup, emblematic of BCJHL supremacy.

Best regards,

Ron Boileau  
President

## BOOSTER CLUB MESSAGE

Hi!

The Vernon Vipers Booster Club would like to join the Vernon Vipers organization in welcoming all fans and supports of Junior "A" hockey to another year of exciting competitive play.

The purpose of our club is to help support Junior hockey in the development of players both in hockey and education. Also to assist amateur hockey players in pursuing their careers both in hockey education and vocational training.

Our goal this year, as in past seasons, is to support the organization through product sales, 50/50 draws, program sales and other fundraising events as the expense of icing a hockey team rises each year.

We look forward to sharing another season of knock 'em down, stand 'em up, wide open, free wheeling, clutch and grab hockey with you.

It is however, the support of you, the fan, that keeps Junior "A" hockey in Vernon and for that, our deepest appreciation.

President - Fran French  
 Vice President/Treasurer  
 Sandy, Danelle, Linda, Alana, Carrie,  
 James, Dee, Alison

# GREATER VERNON MULTI-USE ARENA AND ENTERTAINMENT CENTRE

On October 28, 1995 the voters in the Greater Vernon area will be asked to vote in a referendum for a \$16 million multi-use arena and entertainment centre.

The multi-use arena and entertainment centre proposed for Greater Vernon will be located along 43rd Avenue, just east of Kin Race Track, behind the Vernon Square shopping centre. The building will have an initial seating capacity of 4,000 seats, expandable to 6,200 by adding a balcony (inside the existing building). The seats will be moulded plastic theatre style seats. The ice surface will be NHL size, but expandable to an Olympic size surface. There will be a large concourse above the seats, washrooms, change rooms, and concession, all with central heating and air conditioning.

The new facility will provide the additional icetime required for children and adult activities and it will eliminate the waiting list for ice users. Due to the ability to remove (and reinstall) the ice quickly, the facility will be able to accommodate many other uses. For example concerts by Rita McNeal or Gordon Lightfoot and many others will be able to make good use of the facility because it will have a seating capacity for concerts initially with 5,500 and later up to 7,500 people. This number of seats will depend on the concert arrangement, centre-stage, side-stage or end-stage set up. It will be equipped with a superior electronically enhanced sound system and the building will be constructed with acoustically treated roof panels.

Beside concerts, the facility will be able to handle rodeos, circuses, boxing events, wrestling, large meetings (political/religious), dances, bazaars, indoor soccer, equestrian events, dirt bikes, auctions, vehicle shows, craft fairs (55,000 sq. feet of exhibition space) and last but not least large conventions. Some of the seating will be removable to accommodate all these different floor activities.

The construction cost of the facility will be \$16 million and to borrow this amount plus the annual operating deficit will have the following effect on the taxpayer:

The annual impact on the average home owners taxes is as follows:

Area	Capital	Operating	Total
City of Vernon	\$76.50	\$10.86	\$87.37
District of Coldstream	\$98.17	\$13.94	\$112.11
Electoral Area B:	\$51.72	\$7.34	\$59.06
Electoral Area C:	\$79.65	\$11.31	\$90.96

The difference in cost for an average house in each area is a result of the value of the homes being higher in some areas, plus some areas have a higher portion of industrial commercial tax base. As the populations in the area grows this annual cost will decrease. The debt will be amortized over a 20 year period.

For additional information on the project contact Al McNiven or Kees Ruurs at 545-4724.
