

Arena has face lift

The 1970-71 Arena Schedule will start on Friday, Sept. 18 with the commencement of the Vernon Junior Essos Hockey Camp and the regular schedule will commence on Saturday, Oct. 3.

Since the ice came out of the Arena in early April, workers have been busy preparing the Arena for the start of the 1970-71 season.

Several changes and improvements have been made which should not only make participants happy but spectators as well.

The rink boards and kick boards have been totally replaced and painted. On the players' side, the fencing was strengthened and straightened. On the west side, the ice shute door which posed many a problem has been permanently closed and a new method of snow removal has been designed where the Zamboni leaves the ice.

Changes in the concession areas should allow for faster service. Among the new items which will be sold this year are Potato Chips and Hamburgers which will be sold from the newly renovated west side

concession.

Tebo's Toddlers will commence on Saturday, November 7th and run through until March 27th. Ever popular Mrs. Tebo will again be looking after this session which will be changed to Saturday from 12:45-1:45 p.m.

The N.O.H.L. will again hold their weekly games on Sundays starting at 7:30 p.m.

Junior Hockey will for the most part be on Wednesday or Saturday evenings with two scheduled for Fridays and six for Sundays.

Judging from the changes and improvements in the building and looking at the schedule of activities, 1970-71 will be an extremely good season.
