

**On the door step**

Left winger Ernie Gare was again knocking on the door step as the camera catches him in action in front of the Pentiction Bronco goal mouth last Friday. Gare didn't score on this one but his great playing effort over the last eight games has given him the second best points total on the Essos roster so far this season with 7 goals and 9

assists for 16 points, just one behind his linemate, centreman John Price who has a 5-12 goals, assist record for 17 points. Price is seen coming from behind the net in the photo. Pentiction went on to win the game by a 7-3 difference on the score sheet.

Vernon Essos lost a pair of hockey games over the weekend, but amazingly enough are still in first place in the B.C. Junior A League. Mind you, they are sharing that top place with Pentiction, but considering all the facts, can consider themselves quite lucky to still be in the front running position. Vernon went into the weekend

and this to Chilliwack Bruins by a score of 7-6 Sunday at Kelowna. This win was doubly impressive as the Bruins on the other hand had defeated Vernon here at Civic Arena the night before (Saturday) by a narrow 3-2 difference. The team who really found the going rough was Chilliwack Bruins who came into the interior sporting a two win, two loss record in four starts but went home Sunday with seven games under their belts, and a three win, four loss record and in fifth place rather fourth in the league standings. Another highlight of the league action saw Kelowna Buckaroos come through with their first victory in six starts

Tuesday, but all the rest of the league will play at least two games and in two instances, three games. With five of the six teams within four points of each other, any combination of wins, particularly for Pentiction and Vancouver who play three each, will almost assuredly see Vernon lose their first place standing for the first time this season. Another note of interest in the league at this early stage of the action, is that all teams are quite even in ability and any team at any time can come through with wins. Particular ability of Kelowna and Kamloops of late has shown they will be harder to beat each time any team meets them from this point on.
