5 games this week

Bruising time ahead for Vikings

The prestige of being top dog again is uppermost in the minds of Vernon Vikings as they travel to Penticton tonight and hopefully will take over sole possession of first place in the B.C. Junior A hockey league once more.

Vikings found themselves facing two defeats last weekend and by so doing, allowed Kelowna Buckaroos join them in top place of the eight team B.C. league.

Each club now has identical six victories with Vikings suffering two losses while Bucks are one game back with only one loss.

This weekend however will really tell the tale as both clubs visit the coast. Kelowna leaves tomorrow morning for a night game with Langley and then play Thursday at White Rock and Friday at Nanaimo.

After Penticton tonight, Vernon will take on Bellingham Thursday, Chilliwack Friday, Saturday at White Rock and will play their fourth game in as many nights at Langley on Sunday.

Looking towards tonight's game, Vernon must win over Broncos and take a four points jump on the Penticton squad or have themselves resigned to having both Kelowna and Penticton share the first place

standings and with the heavy coast trip this could spell trouble. Penticton have a 5-1 win, loss record.

In individual Viking points listings, Bob Burgoyne is still the top gun as he leads with seven goals and nine assists for 16 points, four points more than Jeff Boychuk and Greg Howe.
