

# Vikings planning no big changes

Vernon Vikings Coach Joe Tennant is planning no major changes in his line-up for tonight's game in Penticton against the Vees.

Vikings, losers of their last two games, desperately need a win tonight to keep pace with the Interior Division's top two clubs, Kelowna Buckaroos and Merritt Centennials.

However, a win for Penticton would move the last-place Vees to within one point of the Vikings.

Tennant sent defenceman Terry Jacobsen to Chilliwack Bruins today and is planning on assigning one player, later this week, to Vikings' farm team in Grand Forks.

The Vernon coach said, "we are also talking with one of the teams in the Alberta Junior A

League. They have two players who won't play there who we would like. I hope to make a deal this week."

Tennant was also pleased with the way the club practiced on Monday.

He said, "until the two games last weekend, the boys had been playing exceptionally well. They hit a bad streak, but if Monday's workout was any indication, they've snapped out of it now."
