

Cougars thump Canadians 6-2

The outstanding netminding of Mike Smithson and the sharpshooting of Marty Stein led Vernon Sport Cougars to a 6-2 victory over Prince and Pacific Canadians in North Okanagan Hockey League action Tuesday night at the Civic Arena.

The win moves Cougars into sole possession of second place, two ahead of Canadians and three back of league-leading Grindrod Elks.

Smithson was brilliant between the pipes. He made 45 saves, including 22 in the final 30 minutes.

Stein, playing only his third game of the season, scored twice in the second period and completed his streak at 5:32 of the third period.

While Hogan scored twice for the winners while Jeff Sharley added a short-handed goal.

Stan Hunt and Gerry Zachnowsky were the only Canadians to beat the Cougars led 1-0 at the end of the first and 3-1 after the second.

Each team was assessed five minor penalties. Cougars' player-coach King

Facilities are needed for Okanagan swimmers

Former Canadian National swim coach George Galt is in Vernon, giving a four-day competition clinic in hopes of establishing the Okanagan as a major swim region.

Galt feels Okanagan aquatic facilities are the biggest handicap to future international competitors from here, as the coaching and talent are up to standard.

Today's competitors are hard workers and anxious to attain knowledge of the sport according to Galt. "Kids these

days have to be hard workers in swimming because the field is so competitive," he said. They have to be especially attentive now as we are putting a great deal of stress on technique and the science of the sport as opposed to just swimming long distances.

A great deal of research is now going into how to make swimmers go faster and Galt feels that a coach must be aware of how the biggest handicap to future international competitors from here, as the coaching and talent are up to standard.

Competition, recreation and socializing are components that make up the current swimming scene. All these things are good for the young mind and body and young spend in this direction is put to far better use than in juvenile courts.

Swimming usually keeps them so busy that they don't have the time or energy to get into mischief.

COACHES NEEDED A major problem in the swim scene right now is the difficulty in finding good, young, Canadian coaches.

Today's coaches have to be professional, very competitive, very motivating, very energetic.

Although I don't instruct a full eight-hour day, there are always lesson plans to be done and study and preparation put into new and old concepts.

A successful coach has to be all around in the field.

OLYMPIC COACH Galt's own experience in swimming includes coaching since 1950 in the head office for Canada during the 1958 Olympics, as well as coach for the Pan Am and British Commonwealth games.

He was once a competitive swimmer himself, specializing in the 1500m freestyle event.

He said, "With the proper guidance and facilities in the Okanagan, this should become a major competitive area in Canada and perhaps help B.C. become the competitive swim centre of Canada again."
