LITTER A PROBLEM

Dick Sherman, resort owner and parks branch attendant at Echo Lake, displays some of the litter and garbage left by campers at unauthorized sites on the lakeshore. Litter has become a major problem at several lakes in the North Okanagan. Maximum penalty for littering, in an area governed by the parks branch, is $500.

IN HOCKEY

Vernon player earns scholarship

A Vernon minor hockey graduate has been awarded a United States college hockey scholarship.

Glen Fester, who turns 19 in August, will be playing hockey for the University of North Dakota Fighting Sioux next season.

North Dakota Assistant Coach Bill Wilkinson scouted Fester last November while he was playing for Merritt Centennials, against Kamloops Rockets. The university flew Fester to the campus this week to have a look at the school and meet the coaching staff.

SEPARATED SHOULDER

Fester, a defenceman, had 25 points in 32 games with Centennials, who placed first in the British Columbia Junior Hockey League's Interior Division. He missed 11 weeks of the season with a separated shoulder.

The previous year, he split the season between Vernon Canadians, of the BCJHL, and the Vernon juvenile reps. Juveniles were defeated in the provincial finals by Coquitlam in 1977-78.

North Dakota has an extensive recruiting program in B.C. Enderby native Bill Stankoven recently graduated for UND. Stankoven played goal for the Fighting Sioux for four seasons.

Other BCJHL graduates on the UND roster include Kevin Maxwell, Cary Eades, and Howie Walker from Penticton Vees; and Mark Taylor from the Langley Lords.

Fester, who hopes to complete a four-year university program at UND, said he is looking forward to the challenge of playing college hockey.

BOWLING GREEN GOSSIP

The Vernon Lawn Bowling Club playdowns have been completed, in the two categories, for the B.C. Summer Games.

Next Tuesday and Wednesday, Dave Muirhead in the singles and Alex Bain with partner Louis Melanson, will compete on Vernon Vernon greens against players from Kelowna, Penticton, Kamloops, Merrit and Armstrong. Winners will advance to Richmond where all finals for the B.C. Summer Games will be held.

HAT NIGHT

The weekly Hat Night Tournament took place last Monday. The winners were Johnny Ricketts, Flo Melanson, and Flo Wallace 23-11 over Pat McGillivray, Jack Anderson and Eleanor McGillivray.

Other scores were: 14-7 for Ervine Fralick and Marjorie Miller over George Peterson and Mary Inglis; 15-8 for Gordon Miller and Win Philips over Herb Langworth and George Emerson.

Local riders do well

More than 100 riders from Washington, Alberta, and B.C. competed in the recent Pacific Northwest Horse Trials in Oliver.

Three Vernon-area riders brought home ribbons.

In the preliminary division, Janet Hadland, riding her horse Mr. Bradel, placed second. And Jane' Woodley, on Merry Irish finished fourth.

In the training division, Didi Jack placed fourth aboard Harry.

Riders tested their skills in dressage, steeplechase, cross-country, jumping, and stadium jumping.

Points from the trials go toward picking the team to represent B.C. at the Canadian Championships, next month, in Alberta.

Junior team is in trouble

The future of Vernon Canadians, of the B.C. Junior Hockey League, remains uncertain.

A group of local businessmen, which purchased the team before the 1978-79 season, has said it is not willing to operate the club again in 1979-80. And no buyers have been found.

Canadians' General Manager Sheldon Bloomer told the Daily News the situation doesn't look good. "To my knowledge, there is no one willing to buy, or even operate the club. We haven't given up hope, but I'm not too optimistic."

The BCJHL had given Canadians, Revelstoke Bruins, and Nanaimo Clippers until June 15 to give a report to the league's executive committee on next season's plans.

However, Bloomer said Canadians have until June 24 to make a final decision.

He said, "The scheduling meeting is June 24, at Manning Park — and at that time we either have to pull out or declare that we're going to continue operating."

Clippers were sold this week and that team's financial problems are reportedly solved. And a report that Kamlooops Rockets are for sale has been denied by one of the owners, Jack Kennedy.

IN TROUBLE

So, the only other team that appears to be in trouble in Revelstoke. Bruins were plagued by high expenses and poor fan support last season.

Bruins' owner Ernie McLean has said he will either sell the team, move it, or fold it completely.

A WHOPPER

Bill Fisher, an ardent Okanagan Lake angler, hit the jackpot last weekend. In the early morning, he boated a six-pound rainbow. And a short time later, he pulled in this 12-pound ling cod. It is one of the largest ling cods ever pulled out of Okanagan Lake.

Tirecraft captures last game

Peters Tirecraft defeated Cougar Equipment 9-6 in the final Colt Baseball League game of the season Thursday at Polson Park.

Brian Fester was the winning pitcher while Ken Leroux got tagged with the loss.

Kevin Poirier had two singles and a walk, in three trips to the plate, for the winners. Cory Viala led the Cougar offence with two singles, in three at-bats.

Tirecraft broke open a 4-3 game with three runs in the bottom of the fifth inning.

Cougar now plays Armstrong in a sudden-death, semi-final game next Tuesday. Winner advances against first-place Tirecraft in a best-of-three final series that will get under way next Thursday.

In the final Bronco League game of the season, Dodgers recorded their 12th consecutive victory by blasting Cougars 12-6.

Norm Morin was the winning chucker and Danny Nolan was the loser.

Martin Peladeau had two hits, knocked in four runs, and scored twice for the winners.

4,600 runners in marathon

WINNIPEG (CP) — When the gun starts the first Manitoba Marathon Sunday, more than 4, 600 runners will step out in the biggest, mass-participation sports event in the province's history.

Several world-class marathoners are expected to run the 45-kilometre race in two hours and 15 minutes but organizers will give stragglers up to 12 hours to finish.

Race director Charlie Paille says about 1,600 entrants will try to cover the whole distance. Another 3,000 have collected pledges and will run from 10 to 20 kilometres to raise money for the mentally retarded.

Catalin Andreica of Romania and Don Faircloth of Great Britain lead the field of serious runners. Both have best times of 2:12 for the marathon, about three minutes off the world record.

Chantal Langlace of France, whose 2:35 is the second best ever for women, has also entered, along with Elizabeth Hassell of Australia, Gail Volk of Seattle and Gail McKean of Winnipeg.

Gau Umoru of Nigeria is a surprise entry. Better known for his sixth-place finish in the 10,000-metre race at the African track championships, Umoru ran his first marathon in January.

He is coached by well-known American Otis Burrell.

Paille says Manitobans should show strongly in the race.

GUIDE REPORTS
BY SMOKEY TRUMBLEY

You don't have to be a weather bureau prophet in order to be a better fisherman, but knowing what conditions lie ahead can make a big difference in your catch.

The barometer is a most useful piece of equipment for this. It is handier than a thermometer because it foretells what kind of fishing weather one will have. For instance:

Steady rising — indicates good fishing, use surface lures. Unsteady falling — fish in deep water, use sinking lures. Rapid rising — indicates unsettled weather; use a combination of surface and near surface lures. Steady rising and seasonable temperature foretells fine weather and fishing.

Unsteady falling increases pressure downward, affects the oxygen supply in water, and in order to avoid atmospheric pressure fish seek lower levels. A barometer reading of 29.90 is equivalent to sea-level pressure and is the average. Fishing is generally good above that reading and poor below it.

Barometers, however, may be too costly for some fishermen and there are others who would rather depend on their wit and knowledge of nature, as I do. How do we do it? Some watch the leaves on trees about them:

If the light sides of leaves are turned up when the wind blows it shows a steady or rising barometer.

When these same leaves turn upside down in the wind and display their light side then the barometer is unsteady or falling.

Wind is also a rather accurate soothsayer:

Southeast Wind — rain: changing from southeast to east — storms to the south with rain:

South wind — rising temperatures: changing from south to northeast — rain or snow.

North wind — falling temperatures: changing from north to west — clear and dry.

East wind — stormy: changing from east to southeast — rain soon.

Finally, the sky gives us indications of weather to come:

Fair weather: If clouds appear soft and delicate: if there is a rosy sunset, a gray sunrise; a light clear blue sky: normal dew.

Windy weather: a dark, gloomy sky; a bright yellow sunset; hard-edged clouds light wind driving across clear skies.

Rainy weather: pale yellow sunset; wind under heavy, overcast clouds; long thin, whitish clouds radiating from a point on the western horizon, misty halo around the moon.

Remember both good and bad weather come from the west, accurate signs must be found before you make a final determination.

Best hours for Sunday June 17, 6:25 p.m. to 8:25 p.m. Monday June 18, 6:45 a.m. to 8:45 a.m. Tuesday June 19, 6:30 a.m. to 8:30 a.m.

Seaver also helped the Reds with a two-run double that put Cincinnati on top to stay at 4-3.

In the fifth, the Reds increased their lead to 6-3, when Bench hit his fifth home run of the season with Foster on base with his third single of the game.

Phillies starter Larry Christenson, 1-4, took the loss.
