

# Vernon Lakers require billets

Although hockey season is two months away, for some people, such as Diane Connauton, this is the time of year to swing into gear for the upcoming season.

For Connauton, in charge of billeting for Vernon Lakers of the BCJHL, this is the time of year to get things in order for the fall. She is presently searching for persons willing to offer up their homes to junior players who will attend training camp and play the season with Lakers.

"Last year it was left until the last two weeks in

August which was a bit late," said Connauton. "This year we're trying to get a bit more of a head start."

Permanent billets will be required for a period beginning about Sept. 7 and ending March 7. Should the team make the playoffs, billets would be required for a somewhat lengthier period of time.

Also, temporary billets are required during training camp which is scheduled to open in early-September.

Anyone interested should contact Connauton at 542-7016.
