I'LL TAKE HOCKEY EVERY TIME

I've an ever-ready ear for a rousing football cheer,
And I love to see a halfback tackled low,
It's a really gorgeous sight when the boys begin to fight
With a touchdown only half a yard to go.
But take all the most exciting parts of football, baseball, fighting,
And then mix them up to make a game sublime,
Serve it up with lots of ice, you don't have to ask me twice,
Give me hockey, I'll take hockey—any time!

BEST WISHES
TO THE ESSOS
FOR A SUCCESSFUL SEASON

A Message of Thanks to Our Fans

Dear Fans:

The executive of the Vernon Essos would like at this time to say a sincere thank you to all the business firms whose names appear in this 1967-68 Essos programme. The spontaneity of their support is most gratifying and with backing such as this we feel sure that the businessmen of this area desire to keep hockey going strong in Vernon.

We are also grateful to all the fans throughout the area who have supported us in past seasons by attending our home games. The Vernon Essos are pleased to have the merchants listed in this programme as well as the fans in the stands pulling for them.

Enthusiasm for the game of hockey can be found in the fact that home game attendance in Vernon increased 108% in the last season.

We respectfully suggest that you show your appreciation to the advertised merchants in this programme whenever possible by patronizing their places of business.

THE EXECUTIVE, VERNON ESSOS

PLAYER OF THE WEEK . . . Tom Serviss

Without any doubt, team captain Tom Serviss has been the mainstay of the Vernon Essos in each of the games played to date.

With defenceman Ken Pollon out with a knee injury, Tommy has done double duty both as a blue line patroller and as a playmaker, that has seen him featured in setting up a majority of goals scored by the team this season.

In nine goals scored by Vernon in the New Westminster and Victoria series last weekend, Tom was the big man on six of those goals as he helped set them up.

Defensively, his sure and timely checking has more than once taken away goal plays that the opposition would have capitalized on.

He is a good body checker, without any meanness or intent to injure moves when coming into contact with others.

At the Coast his name was often on the lips of fans as he made his moves up and down the ice, and on more than one occasion he and the Essos received resounding applause for the way they played.

Puck Patter

By "STICKS" ARTHUR

Over the years there has been repeated acts of foolish fighting and debris throwing in every arena in the Okanagan-Mainline during hockey games . . . just what do these people get out of such acts.

Most times the stupid people doing such things are witnessed by large parts of so-called good fans sitting nearby, yet seldom will someone come forward and point their finger at the culprit. Sure we all know that the people doing such things are sick . . . sick in the head, but why condone it, or sit idle while they throw beer and pop bottles on the ice surface to cause injury to some innocent player or a little child who may skate and fall down on that spot in a public skating session. . .

There are definite rules concerning hockey players fighting with fans, but, what would anyone do if they were in the place of said players who must sit with their backs exposed to all flying objects such as raw eggs and have themselves pelted with such objects without some form of retaliation.

Come on fans . . . would you really like to see a serious accident take place in front of your eyes.

REMEMBER THE PENTICTON VEES?

The Year: 1955.

Scene: Cologne, Germany.

Event: Canada vs Poland in the World Hockey Tournament.

Canada's Bill Warwick and Poland's Stanislaus Bacilek had drawn a penalty for a violent exchange of shoving. As they sat down in the sinbin, Bacilek asked in flawless English: "Why don't you play fair?"

Warwick was astonished. "You speak better English than I do but I'm glad. You'll understand when I say that unless you quit holding me I'm gonna flatten your pointed head!"

MEET THE ESSOS' COACH—ODIE LOWE

This is Odie's second year as Vernon coach for the Juniors. In his first year he piloted the Blades to 3rd spot in the league and, with added strength on the team this year, he is gunning for big things in the 1967-68 season. Odie is well known in hockey circles in this area as a player and as a coach of the juveniles who he led to a B.C. Juvenile Championship in 1965. The Executive of the Essos is indebted to Odie for his unselfish devotion to the game and the countless hours he spends molding the Essos into a top contender in the league.

How Come It's Called A "Puck"?

In 1885, Queen's University and the Royal Military College played Canada's first organized hockey game, and "the original puck" is today on display in Queen's Gym. It is a sawed-up lacrosse ball and looks homemade. Yet the official puck of the NHL, for all its vulcanized rubber material and standardized diameter of three inches, as well as its one-inch thickness, retains a touch of informality and may vary as much as half an ounce in weight.

All of this fits in with the name, puck. Just how it came to be called that, or by whom, nobody knows. But it was aptly named—Webster defines "puck" as "a mischievous sprite or elf."
