I understand that the Lakers have continued in 1989 to perform according to the outstanding standards they have established over the years. Following on your exceptional achievements on the ice at the British Columbia Junior Hockey League Championship, you continued to demonstrate that the Lakers represent the finest players in Canada by hosting the 1990 Centennial Cup Tournament in Vernon.

Well done, Lakers! The pride which your players, coaches and fans exhibit on and off the ice is richly deserved.

MEL LIS

**President and General Manager's  
Message**

Welcome to what we hope will be the finest season of junior hockey in Vernon yet.

Last season the Vernon Lakers made it as far as the Centennial Cup finals, winning the Mowat Cup and Abbot Cup along the way. This season, our goal is to do our very best to bring the Centennial Cup home to our fans, the best fans in the league.

To that end we are determined to play an exciting brand of hockey, lots of skating, hard-hitting and all-out effort both home and on the road. It has been a successful formula for our team the last three seasons and we believe it will prove to be successful again this year.

Success requires three ingredients: belief in oneself, hard work and discipline. Good coaching helps, too, and we feel we have an excellent staff in Head Coach Ernie Gare and his assistants George Fargher and Eddie Johnstone.

We don't promise to win. But we can promise, and deliver, hard work every time out. We expect the league to be competitive this season and we know we'll have to work hard for every two points. It is that effort which will help us achieve our goal: to provide our fans with exciting hockey all season long.

Vernon hosts the Centennial Cup in 1990, a week-long event that brings in the best teams in Canada to compete for the national Junior A hockey championships. We have tried very hard to mould a team that will be competitive at that level, and we hope that you, the fans, will enjoy watching us play all season.

So, on behalf of our players, coaches and myself, I extend a hearty welcome to everyone who comes to watch us play, and I thank you for your support in the past.

Yours in sports,

Mel Lis  
President/General Manager.

## MEET THE COACHES

ERNIE GARE

GEORGE FARGHER

EDDIE JOHNSTONE

When Ernie Gare, George Fargher, and Eddie Johnstone played with the Vernon Essos in 1971, they never dreamed they'd be teammates again...almost 20 years later.

Gare, Fargher, and Johnstone comprise the Vernon Lakers' coaching staff. And they have been as successful as coaches as they were 19 years ago as junior 'A' players.

The 1971-72 Vernon squad won the B.C. championship. Gare was among the leading scorers in the BCJHL and Fargher was a top-notch defensive centre. Johnstone started the year with the Essos, but in December, he was called up to the Medicine Hat Tigers of the Western Hockey League.

Johnstone starred with the Tigers for two and one-half seasons before moving on to the pro ranks. After stints with two WHA and in the American Hockey League, Johnstone played in the NHL with the New York Rangers and Detroit Red Wings.

Gare starred for several seasons with the Spokane and Trail, of the Western International Hockey League. Fargher, who remained in Vernon after his final junior season, finished his hockey career with the Vernon Cougars of the now-defunct North Okanagan Hockey League.

Gare and Fargher were reunited in 1986 and Johnstone joined them the following year after retiring from the NHL. In their first season as a coaching trio, the Lakers won the provincial title. Then, in 1988-89, they guided Vernon to the Western Canada championship.

This year, Vernon is hosting the Centennial Cup and the Lakers have only one more mountain to climb.

#### President's Message

On behalf of the British Columbia Junior "A" Hockey League, I want to extend a warm welcome to all our supporters and spectators to the 1989-90 hockey season.

Our motto in the BCJHL is: "High calibre hockey that prepares young men for the future." All the teams within the BCJHL are dedicated to providing a high calibre of skilled hockey in their communities and develop both excellent hockey players and solid young men. The BCJHL has an enviable record of developing high draft picks for the N.H.L., and, more importantly, has witnessed hundreds of league players go on to Canadian and American Universities and Colleges on full scholarships to compete at an elite level of hockey competition and guarantee their future with a degree or diploma. The impressive rosters of each team in the BCJHL is no doubt the envy of every scout in North America.

I wish to send special greetings to the team owners, directors and coaching staffs, as their dedication and hard work is ultimately responsible for bringing this high level of hockey to your community and developing the potential of each young man on their respective team.

The entire BCJHL is excited about the Centennial Cup, emblematic of the Canadian Junior "A" hockey championship being hosted by the Vernon Lakers and the city of Vernon from May 5-12, 1990. This prestigious event will allow the BCJHL to showcase its solid organization and high calibre of play to all of Canada.

Finally, I would like to wish all the players in the BCJHL the best of luck for the 1989-90 season. I hope you work hard and display all your hockey skills and talents to the best of your ability in every game. This experience will be a stepping stone to greater things in your future, make good use of your opportunity.

**BRITISH COLUMBIA JUNIOR "A" HOCKEY LEAGUE**

Sincerely yours  
Bruce Allison, President B.C.J.H.L.

# Test his metal

Tim Kerr

The Easton aluminum hockey stick.

Not only is it the only choice for top NHL goal scorer, Tim Kerr. It's also the only choice for Mark Howe, Mike Ridley, Gary Suter, Steve Thomas, Walt Poddubny, Jay Wells and dozens of other NHL stars.

Which isn't surprising.

Because Easton aluminum sticks are designed to deliver a performance no wood stick can match.

Our precision engineered aluminum shaft won't bend or twist. And our specially textured shaft surface insures a surer grip. So you always get maximum control.

Plus our sticks are lighter and better balanced. For faster stick acceleration. Better feel of the puck. And a more complete shot every time.

*Look what Easton did for Tim Kerr. Before he used our stick, his season high was 22 goals. Now Tim's a consistent 50-goal man. "I think the snap in the shaft helps my shot," he says.*

But you don't have to be a pro to get the Easton advantage. Easton sticks are available in a full range of flex patterns for every level of play, and every type of player.

So try one today.

And start putting *our* metal to the test for yourself.
